Beautiful Trees

Nothing is as treasured and attractive as nature's own air conditioner—the shade tree. Fall planting will give you a year's extra development by next Summer. Cooling Summer shade and striking Fall leaf colors are yours for the asking. Among the varieties for selection are Sugar Maple, pictured here, Moraine Locusts, Oaks and Maples. Some are available as low as \$9.95 each.

VISIT US

If you have never visited us, we cordially invite you to do so. Bring the family for a beautiful and relaxing afternoon in a garden fairyland. The beauty

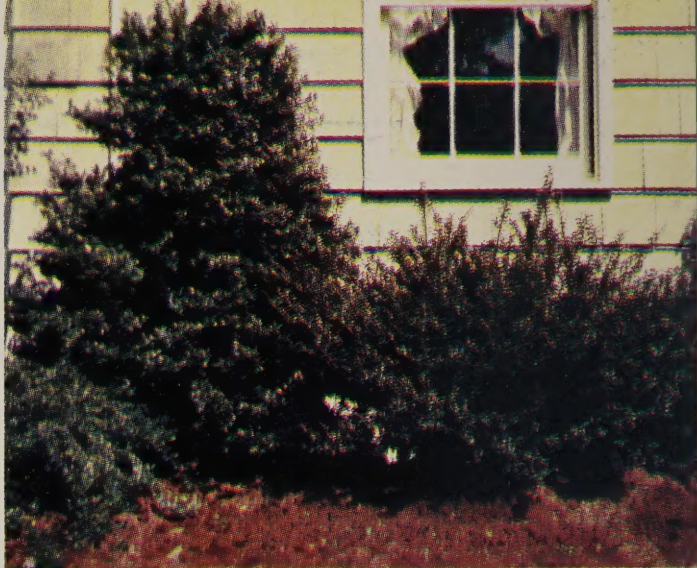

Conifers

Visit our display of handsome and sturdy Needle Evergreens. Their wide range of shapes, colors and textures offer a permanent year-round richness. For base planting, the

Yew shown above in upright and spreading form, for example, is available in sizes and types from \$3.95. The faster growing types of Conifers for hedges and screen planting are unrivalled for all year enjoyment.

and visible value of our plants will be appreciated and evident even to the non-gardener. We welcome your patronage, of course, but we are proud of our products and want to show them off even if you have no intention of buying.

Broadleaf Evergreens

Broadleaf Evergreens combine with the Conifers for variety of texture and form to provide handsome home planting. The Japanese Holly shown above grows in a variety of spreading, upright and dwarf forms. Included among the Broadleaf Evergreens are strikingly beautiful flowering types, combining Spring flowers with rich Evergreen effect. Best varieties for this area are available at our Nursery for as low as \$2.25 each.

Flowering Trees

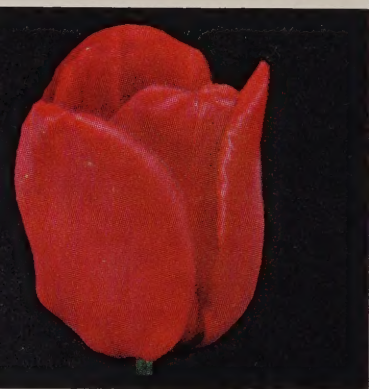

Flowering trees provide nature's most spectacular display. Crabapple (shown above), Hawthorn, Cherry, Dogwood and other flowering trees burst forth in exquisite bloom each Spring. Come Autumn, and they are handsome with Fall foliage color and decorative fruit. There are many specimens available for as low as \$7.95 each.

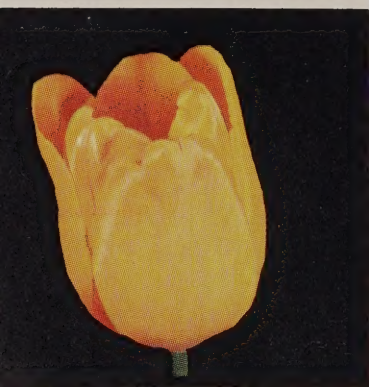

HYACINTHS

The beauty and fragrance of these early Spring flowers are almost incomparable — they are indeed the aristocrats of the field. Brilliantly colored, they have immense spikes of blue, white, yellow and pink. For a garden of outstanding beauty and exquisite fragrance, these flowers are highly recommended.

TULIPS

These stately beauties will enhance the appearance of any home; brilliant Darwins — the traditional favorites; Cottages — with lovely form and delicate color; Breeders — with striking bronze tone; Parrots — multicolored and exotic fringe petals. These and many other types can help make your Spring more beautiful at very little cost.

NARCISSUS

All the variety pictured to the right and much more in these early Spring favorites. Large and small trumpets and cups in yellow, white and orange combinations. Our trumpet and naturalizing mixtures are especially economical for mass planting.

CROCUS

You'll know that "Spring is here" when these brilliantly colored specimens bloom with yellow, white, purple and striped flowers. For a beautiful display in your lawn, rock garden or planting bed, combine the Crocus with the other Heralds of Spring — Snowdrops, Blue Grape Hyacinths, Squills, Glory of the Snow and others.

IMPORTED BULBS

for lovely

Spring Flowers

We have hundreds of varieties of selected imported bulbs that will give your home exciting, colorful Springtime beauty. To help you pick the flowers of your desire, we have at the Nursery authentic full color photographs of these lovely flowers. We are sure you will enjoy looking at these colorful pictures.

Fall...

Fall is the season for planting evergreens, trees and shrubs. Gentle Autumn rains encourage new root growth, giving a year's extra growth over next Spring planting. Our stocks are now in the finest condition, with the widest selection available.

Fall is also the best season for making and repairing lawns. Our own lawn seed and fertilizer is especially blended for local conditions.
